Overall Facilities

An Award-Winning Hotel Group & Convention Centre

The Pattaya Exhibition and Convention Hall (PEACH) is a world-class, multipurpose venue and part of the Royal Cliff Hotels Group. Recognized as one of Asia's top MICE (Meetings, Incentives, Conferences, and Exhibitions) destinations, PEACH has received numerous accolades, including the "Best Convention Hotel in Thailand" by the International Hotel Awards in association with HSBC.

Situated in Thailand's Eastern Economic Corridor (EEC) - the country's prime investment and innovation zone - PEACH benefits from enhanced connectivity and rapid regional growth, making it an ideal venue for international conventions and business events.

Located within a professional 64-acre MICE estate, it is Thailand's only integrated convention centre with world-class capacity and a spectacular ocean-view setting. It is also the largest and only ocean-view convention centre on the Eastern Seaboard, offering a truly unique venue for both international and local events.

Experience these Major Benefits at PEACH:

- PEACH offers an impressive capacity of up to 10,062 guests in theater-style seating and can accommodate 4,340 guests for banquets, making it ideal for events of any scale.
- The flexible main hall can be divided into 4 large halls or 9 smaller soundproof rooms, allowing for customized setups to suit your event needs.
- With 18 additional meeting rooms of varying sizes, plus access to Royal Cliff's ballrooms and event spaces, guests can choose from a total of 68 versatile venues.
- A fully equipped banqueting kitchen delivers a wide range of exceptional food and beverage options, tailored to suit any event.
- Four luxury 5-star hotels are located within walking distance, offering accommodation for over 2,000 delegates. Covered walkways provide easy 2-minute access from rooms to the convention centre, and courtesy shuttles are also available.
- PEACH offers ultra-fast Wi-Fi 6 connectivity for uninterrupted digital access across the venue. Combined with advanced AV and broadcast systems, this makes PEACH fully hybrid-ready to host simultaneous onsite and virtual events.

Flexible options allow us to host any type of event from high level conventions, meetings, exhibitions and product launches to concerts, gala events, weddings and banquets. We have an admirable record of hosting some of the most notable international and regional political and business meetings.

Location

PEACH is conveniently located in a 64-acre exclusive estate in the south of Pattaya City approximately 145 km southeast of Bangkok. Overlooking the stunning Gulf of Thailand, you will experience unforgettable events surrounded by beautiful landscaped gardens, lush green areas and a scenic natural environment.

- Suvarnabhumi Airport to Pattaya: 135 km (approximately 75 minutes by car)
- U-Tapao Pattaya International Airport to PEACH: 40 km (approximately 35 minutes by car)
- Bangkok to Pattaya: 145 km from Bangkok (approximately 95 minutes by car)
- PEACH to Pattaya City Centre: 2 km (approximately 5-10 minutes by car)

Green Initiatives

Since 1973, we have integrated environmental conservation into every aspect of our planning and operations. PEACH has been recognised by several well-known organisations for its green initiatives, receiving awards such as the EIA Monitoring Award from the Ministry of Natural Resources and Environment, the G-Green Gold Level Award, and Best Green Venue by the Green Hotels Association of the USA – the only property in Thailand to earn this prestigious title.

Since 2006, PEACH has proudly maintained ISO 14001 certification, an international benchmark for environmental management. This long-standing achievement reflects our deep commitment to sustainable operations and responsible business practices. Our dedication, however, extends far beyond internal procedures. We actively engage guests and event organizers to be part of our green journey through meaningful initiatives that create real impact. One of our signature programs, the Tree Planting Campaign, takes sustainability a step further, we calculate the carbon footprint generated from each event and determine the number of trees required to offset it. These trees are then planted in various locations on behalf of our clients, symbolizing their contribution to a healthier planet.

At PEACH, every event leaves not only memories, but also a lasting, positive legacy for the environment.
